SHORT BIO	LONG BIO
Mika Laurent is a fictional AI-generated fashion muse created for soft editorial visuals, digital beauty, lifestyle storytelling, and modern brand concepts.	Mika Laurent is a digital fashion persona with a warm beige editorial identity, long layered waves, refined styling, and a calm luxury presence. The project explores how AI-generated model visuals can support creative portfolios, campaign mockups, social content, and brand storytelling while keeping disclosure clear.

AI DISCLOSURE

Mika Laurent is not a real person. Mika is a fictional AI-generated fashion persona created for visual storytelling, digital campaigns, creative portfolio work, and brand concept development.
